

X-PIGGY, the most daring brand yet from KITMAKER, Is putting the Bagdad girls straight into your pocket

Bagdad is considered as Europe's best erotic company delivering on line shows. Bagdad's girls are the most gorgeous, the most exciting and sexy girls. X-PIGGY the Spanish company dedicated to create erotic mobile content, created by means of KITMAKER, now pays tribute to Bagdad by offering up the game: Bagdad Slide Show

In answer to the growing demand for erotic mobile content, KITMAKER created X-PIGGY. The most daring brand yet from KITMAKER, which is exclusively dedicated to erotic content, whilst using all of the experience and expertise of the mother company. The best erotic content now comes straight to your mobile from X-PIGGY. Such as the series of games Bagdad Slide Show.

Erotism and sensuality both take part in Bagdad Slide Show. This is more than just a game it's a art gallery, where Bagdad's girls offer you an intimate striptease from your mobile. X-PIGGY has developed Bagdad Slide Show so that you can now keep all of these wonderful girls in your pocket. With each girl giving you her own personal promenade, with high quality images.

This game series is in the erotic games *slide show* category, where you can discover each of the girls delights from one photo to the next. Each game is focused on just one of these gorgeous girls. This application also contains interviews, for everyone who really wants to get to know these girls, with sexy answers that you won't be waiting for.

Europe's best erotic company delivering on line shows could not miss the opportunity to become part of the world of mobile multimedia. And we have to remember that Bagdad, which opened it's doors to the public in 1976, was the first sex club in Spain. And from Bagdad has come some of the nations top porn stars, such as Nacho Vidal, Toni Rivas or Sophie Evans. Bagdad has chosen X-PIGGY the new erotic brand from KITMAKER known for such mobile hits as Mobile Body Trainer, Party&co mobile edition or Bupuppies.
